Quadro developer tokens

It is possible to obtain developer tokens on [https://\[quadro_base_url\]/dev/token?companyName=\[your company name\]](https://[quadro_base_url]/dev/token?companyName=[your company name])
The full URL will be provided by Quadro.
This will lead you through the login process and will return a token that you can use to call the Quadro API

Quadro Swagger files

It is possible to obtain the Swagger files on [https://\[quadro_base_url\]/swagger](https://[quadro_base_url]/swagger)
You must login to get access to the pages. You'll need elevation for that.
The full URL will be provided by Quadro.
